ROI SEARCH GROUP BROADENS HIGH-TOUCH SERVICES TO OFFER PHYSICIAN RECRUITMENT

Unique, woman-owned, Fishers, IN Search and Consulting Firm expands to aid underserved niche.

Indianapolis, IN, September 2019 - ROI Search Group (ROISG), Fishers' only woman-owned search and consulting firm with a focus on life-sciences and healthcare, have expanded their services to include physician recruitment. The integration synchronizes with their mission to provide unique leadership consulting and talent management services for clientele both locally and nationwide. The additional offering will utilize the breadth of knowledge and experience from within the organization, and will parallel the customary personal touch offered by the boutique firm.

Stacey McCreery and Julie Teixeira of ROI Search Group

The vigorous effort is being spearheaded by ROI Search Group's Founder and President Stacey McCreery, and Senior Client Consultant Julie Teixeira, with over 35 years of experience in the healthcare and life-sciences sector between them. Notably, the manner in which the physician recruitment division operates embodies the differences for which ROISG has become a standout in their industry. With a dedicated staff to drive each client-specific search and an alternate search model that allows for laser focus and mirroring of the ideology of a practice's specific wants and needs, the program's results are trending towards faster placements of candidates.

Ms. Teixeira states: "I've worked with physicians and healthcare practices on a daily basis for over 15 years, and I'm very excited to offer this service to our clients. Our knowledge and expertise with both sides of a practice - the clinical and the business administration side - allow for us to provide exceptional service with a singular understanding of our clients and their needs. Our process is unique to ROISG, and allows for specialized searching and consulting. We develop a plan, execute based on our findings and secure the right person for an organization. Our high-touch and focus on individual clientele allows us to provide regular weekly updates, as well as a 6-month guarantee. We're very proud of our client-centric approach and see the addition of physician recruitment as a boon that will truly benefit our clients and help our candidates to flourish."

Ms. McCreery has a Bachelor's Degree from Indiana University and her MBA from Keller Graduate School. She established ROISG following her extensive tenure as Executive Director of Indiana University Health. Ms. Teixeira has a Bachelor's Degree from Indiana University and has spent her career working with physicians, clinicians, administrators and the C-suite, contributing to her expansive skill set and knowledge in the industry. For further information about ROISG Physician Recruitment contact Stacey McCreery at (317) 727-9768, info@roisearchgroup.com.

ROI Search Group is a leadership consulting and executive search firm. We believe that people are an organization's most important asset, therefore, our approach to both company and candidate screening to acquire the most qualified talent is unique by design. Drawing upon seasoned experience, ROI Search Group's proprietary methods provide a better understanding of client goals, job requirements and company culture.
